Injured/Sick Students in PE

Students without any kind of note (parent or doctor) have to stay in PE class. The student should inform their teacher, and the teacher may allow them to sit out of the activity, or send the student to the health room.

Students with a PARENT note must check in to the health room at the beginning of school and will complete an Injured/Sick Student Form. The student will then check in with their PE teacher at the beginning of class and either remain in class or be sent to the library. Students with a PARENT note can be excused from class for up to 2 days. After 2 days, a doctor's note is required.

Students with a DOCTOR note must check in to the health room to complete the Injured/Sick Student Form. There is no time limit for a student to remain out of class. We will honor the doctor's recommendation.
