

Newsletter Week of 9/27

FYI:

-I will be absent on Friday, October 4th for a district writing training.

-The warm-up packets are not always graded in class. If your child did not finish the warm-up at school, you are more than welcome to use it as practice at home. They do not need to be returned.

-Please return the **emptied** green folders on Monday.

Math: We will continue with multi-digit whole number addition, subtract, and multi-step word problems. I recommended using the homework to help your child on the multistep word problems.

Reading: We will continue making connections and drawing inferences while reading our independent books. We will begin to look at non-fiction text features.

Important Dates:

Oct:

- 4 Fun Run
- 14 Teacher PD Day- No School
- 15 Picture Day ☺
- 19 Fall Book Fair

Science: We added the animals to our ecosystems. We will begin polluting the terrariums that do not have animals next week.

Writing: We worked on leads last week. We will start to look at adding figurative language this week and showing not telling in our stories.
