

CHALLENGER ELEMENTARY SCHOOL

EXPECTATIONS and DISCIPLINE PLAN 2017-18

Dear Families,

At the onset of each school year, parents/guardians are expected to explain and discuss Challenger's discipline guidelines with their students. Challenger staff members are also expected to review classroom and building expectations regarding appropriate behavior and dress and to encourage and reward positive behavior in their students.

Sara Jo Pietraszewski, Principal

Chelsea Dzedzic, Dean of Students

It is the belief of the Challenger community that school should be a safe and happy place where all individuals are positive and respectful of one another. An effective discipline system encourages and rewards positive behavior. An effective, age-appropriate discipline plan is achieved through careful planning and implementation that sets realistic expectations and teaches the appropriate behaviors that allow students to meet those expectations.

Challenger has a school-wide approach to positively addressing behavior. We provide explicit instruction about expected behaviors and strive to equip students with the tools necessary to address mean or bullying behaviors. All students receive instruction about expected behaviors from their classroom teacher, through comprehensive guidance lessons from the school counselor, from the Dean of Students, from educational assistants in the lunchroom and at recess, and at school-wide assemblies. Positive, expected behaviors are reinforced daily by all staff members.

Challenger Elementary believes that academic achievement and behavior competence are the result of school personnel and families working together to provide a continuum of support for all learners. This includes:

1. School-wide interventions for all learners.
2. Specialized interventions for learners who are at risk for academic or social failure due to behavior challenges.
3. Individualized interventions for students with intense/chronic behavioral challenges.

Parents are encouraged to keep the lines of communication open and notify the school of any concerns they have for their student immediately.

SCHOOL-WIDE BEHAVIOR EXPECTATIONS

At Challenger, we adhere to the “3Rs.” Challenger students, parents, volunteers, and staff members are expected to:

Be Respectful

Be Responsible

Be Resourceful

Be Safe

EXPECTED BEHAVIORS

When students do what is expected, it makes others feel **comfortable** feelings (happy, proud, or excited). Students have the opportunity to receive recognition for their efforts of demonstrated expected behaviors through a school-wide reward system. These include class activities, individual incentives, and participation in monthly celebrations. When a student does what is expected, any adult in the school (parents or staff) can award the students with SHAZAM Cards (see below).

UNEXPECTED BEHAVIORS

When students do what is unexpected (i.e. don't follow school rules), it make others around them feel **uncomfortable** (frustrated, sad, nervous, or mad). When rules are not followed, steps for improvement will follow.

SHAZAM CARDS

When an adult notices a student demonstrating expected behaviors at school, they may award a student with a SHAZAM card. “SHAZAMS” are positive cards that are given to students by adults at Challenger when they are caught doing something respectful, responsible, resourceful, and/or safe. Teachers tally up the number of SHAZAMs earned by their class each month and a running total of school-wide SHAZAMs is tracked on the SHAZAM-O-METER in the school atrium. When the school meets their SHAZAM goal, the staff will plan a whole-school celebration for students.

MONTHLY PRIDE SKILLS

Each month classroom teachers teach specific life skills to students. At Challenger, we refer to these life skills as PRIDE skills. Students who exceptionally demonstrate the PRIDE skills are recognized each month with a PRIDE award and are recognized on the stage during lunch by our principal or dean.

DRESS CODE

As appropriate clothing contributes to a positive learning environment at school, clothing needs to adhere to the Issaquah School District and Challenger Elementary dress standards.

According to ISD Regulation 3224, the student and parent/guardian may determine the student’s personal dress and grooming standards, provided that the student’s dress and grooming do not lead school officials to reasonably believe that such dress or grooming will:

- A. Disrupt, interfere with, disturb, or detract from school activities.
- B. Create a health of other hazard to the student’s safety or to the safety of others.
- C. Promote by printed word or symbol the use of illegal substances or other prohibited activities which may include but not be limited to intimidation, harassment, sexual innuendo, vulgarity, and obscenities.

If a student’s dress or grooming is objectionable under these provisions, the principal or designee will ask the student to make appropriate corrections. If the student refuses, the student is subject to disciplinary action.

Specifically,

- Revealing clothing such as low-cut, cut-outs, belly button-showing, spaghetti strapped attire, sagging pants, and tight clothing are not appropriate.
- To determine whether straps on tops are the appropriate width, try the three-finger width test. If the strap is narrower than three fingers, the top must have another shirt to cover it.
- To determine the appropriate length for shorts and skirts, apply the finger test: these articles may not be shorter than the student’s fingers when arms and hands are extended down their sides (whether or not tights are worn under the skirt).
- For safety reasons, students are not allowed to wear bare or stocking feet or flimsy, open-toed footwear (such as flip-flops).
- Hats, caps, or other head coverings and sunglasses are allowed to be worn outdoors, but not in the school building. Hats that are worn in the building will be held by the teacher until the end of the day.

NON DISCRIMINATION

If any Challenger student feels he or she is being harassed or intimidated, that student has a right to speak to an administrator or a counselor. School administrators and the counselor will respect the student's right to confidentiality to the greatest extent possible.

Issaquah School District does not discriminate in any programs or activities on the basis of sex, race, creed, religion, color, national origin, age, veteran or military status, sexual orientation, gender expression, gender identity, disability, or the use of a trained dog guide or service animal and provides equal access to the Boy Scouts and other designated youth groups. Examples of Sexual Harassment:

COMPLAINT OPTIONS: DISCRIMINATION AND SEXUAL HARASSMENT

If you believe that you or your children have experienced unlawful discrimination, discriminatory harassment, or sexual harassment at school, you have the right to file a complaint.

Before filing a complaint, you can discuss your concerns with the principal or with the school District's Section 504 Coordinator, Title IX Officer, or Civil Rights Coordinator, who are listed above. This is often the fastest way to resolve your concerns.

Step 1. Write Our Your Complaint

In most cases, complaints must be filed within one year from the date of the incident or conduct that is the subject of the complaint. A complaint must be in writing. Be sure to describe the conduct or incident, explain why you believe discrimination, discriminatory harassment, or sexual harassment has taken place, and describe what actions you believe the District should take to resolve the problem. Send your written complaint—by mail, fax, email, or hand delivery—to the Superintendent or civil rights compliance coordinator.

Step 2: School District Investigates Your Complaint

Once the District receives your written complaint, the coordinator will give you a copy of the complaint procedure and make sure a prompt and thorough investigation takes place. The superintendent or designee will respond to you in writing within 30 calendar days—unless you agree on a different time period. If your complaint involves exceptional circumstances that demand a lengthier investigation, the District will notify you in writing to explain why staff needs a time extension and the new date for their written response.

Step 3: School District Responds to Your Complaint

In its written response, the District will include a summary of the results of the investigation, a determination of whether or not the District failed to comply with civil rights laws, notification that you can appeal this determination, and any measures necessary to bring the District into compliance with civil rights laws. Corrective measures will be put into effect within 30 calendar days after this written response—unless you agree to a different time period.

Appeal to the School District

If you disagree with the District's decision, you may appeal to the District's Board of Directors. You must file a notice of appeal in writing to the secretary of the Board within 10 calendar days after you received the District's response to your complaint. The Board will schedule a hearing within 20 calendar days after they received your appeal, unless you agree on a different timeline. The Board will send you a written decision within 30 calendar days after the District received your notice of appeal. The Board's decision will include information about how to file a complaint with the Office of Superintendent of Public Instruction (OSPI).

Complaint to OSPI

If you do not agree with the District's appeal decision, state law provides the option to file a formal complaint with the Office of Superintendent of Public Instruction (OSPI). This is a separate complaint process that can take place if one of these two conditions has occurred: (1) you have completed the District's complaint and appeal process, or (2) the District has not followed the complaint and appeal process correctly.

You have 20 calendar days to file a complaint to OSPI from the day you received the decision on your appeal. You can send your written complaint to the Equity and Civil Rights Office at OSPI: **Email:** Equity@k12.wa.us | **Fax:** 360-664-2967

Mail or hand deliver: PO Box 47200, 600 Washington St. S.E., Olympia, WA 98504-7200

For more information, visit www.k12.wa.us/Equity/Complaints.aspx, or contact OSPI's Equity and Civil Rights Office at 360-725-6162/TTY: 360-664-3631 or by e-mail at equity@k12.wa.us.

BULLYING AND MEAN BEHAVIOR

Bullying is a situation in which one or more students (the 'bullies') **repeatedly** single out a child (the 'target') and engage in behaviors **intended to harm that child**. Bullying is **one-sided**. A bully frequently targets the same victim **repeatedly** and **on purpose** over time. A child who bullies can dominate the victim because the bully possesses **more power** than the victim (physically stronger, more intelligent, have a larger circle of friends, or possess a higher social standing). Bullying can inflict physical harm, emotional distress, and or social embarrassment or humiliation.

Misbehavior vs. Bullying Behavior

As friendly as our students at Challenger are, it is not out of the norm for students to occasionally have conflicts, argue, tease, not play fair, be left out or play too rough. Some of these behaviors can occur when a student is trying to establish a connection with another student but they may not go about it appropriately. Or a student may get their feelings hurt and push another student at recess. A student may say goofy, inappropriate remarks to another student, but these behaviors usually stop once attention is drawn to that behavior. While these behaviors are unacceptable and mean, they are far different from engaging in bullying behavior.

Why is it important to not label misbehavior as bullying?

We need to be careful to recognize the damage that can occur when we over use or inappropriately use the word 'bully'. When we label a child as a "bully" it doesn't let us see past the label, and view kids as individuals. A child is more than just a "bully" and we need to see their other qualities and strengths. Children have a hard time seeing beyond labels. Once a child has been categorized as a 'bully', that label can follow them for life.

We want Challenger to be a safe environment where students can share with staff if they feel they are being hurt or treated unfairly by another student. We take that behavior very seriously and will make every effort to see that each child feels safe at our school.

If a student feels that he or she is being harassed, intimidated, or bullied for any reason including because of race, creed, color, national origin, ancestry, gender, sexual orientation, or disability, the student should immediately report such incidents to a teacher, counselor, or building administrator. A complete copy of Regulation 3207 may be obtained at any school or on the District website at www.issaquah.wednet.edu.

"Harassment, intimidation or bullying" is defined for purposes of this Regulation as any intentional written message or image - including those that are electronically transmitted, verbal or physical act, including but not limited to one shown to be motivated by race, color, religion, ancestry, national origin, gender, sexual orientation or mental or physical disability, or other distinguishing characteristics, when the act:

1. Physically harms a student or damages the student's property; or
2. Has the effect of substantially interfering with a student's education (for example, substantially interfering with classroom performance, attendance, or pattern of tardiness) or
3. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
4. Has the effect of substantially disrupting the orderly operation of the school.

Conduct that may rise to the level of harassment, intimidation and bullying may take many forms, including, but not limited to: urging others to a malicious action “ganging up on someone”; spreading knowingly hurtful rumors, lies, pictures, drawings, or cartoons; slurs; jokes; innuendoes; repeated/ongoing demeaning comments; pranks; ostracism; gestures; verbal or physical aggression directed at a specific student; physical attacks or threats; or purposeful destructive acts relating to an individual or group whether electronic, written, oral, or physically transmitted messages or images.

MISBEHAVIOR AND CONSEQUENCES

Challenger’s discipline guideline seeks to allow each teacher, as well as the administration, a certain degree of flexibility in the handling of student misbehavior. There are often circumstances where students must be handled differently; therefore, the possible corrective action taken would depend on the following criteria:

- The intent of the act
- The number of times the violations or similar violations have previously occurred
- Prior corrective action which would include alternative steps to alleviate the problem
- Prior parent involvement
- The student’s attitude

When a student misbehaves, the following actions and consequences may result, depending on the severity of the infraction:

1. **Guidance:** A conversation between the student and school personnel. The purpose of such guidance is not to scold the student, but to inform him/her that his/her behavior needs to change so as not to violate the rights of others, or to help the student improve the learning capabilities of self or others.
2. **Conference:** Repeated misbehavior may result in a conference with the student, parent(s), principal and school personnel to discuss the student's behavior or learning progress. Depending on the severity of the behavior, the student’s parent(s) may be contacted immediately.
3. **Rearrangement** of the student’s school schedule may occur when the behavior of the student is such that he/she cannot conduct himself/herself in an acceptable manner.
 - The student may be removed from the classroom.
 - **Restriction of Activities:** A student may not be allowed to participate in certain activities because of his/her past or present behavior.
 - **Community Service** may be assigned and may include the following: Cleaning the lunchroom or playground with a custodian, organizing the lost and found, etc.

SEVERE MISBEHAVIOR

Behaviors that are severe in nature will result in disciplinary action that involves immediate parent notification by telephone. Consequences for severe misbehavior can include in-school suspension,

suspension from school, or an emergency expulsion.

Examples of **severe misbehavior** include the following: disruption to student learning, possession of weapons, vandalism, arson, assault, swearing/use of abusive language, harassment, racial put downs, intimidation or threats, possession/use of alcohol, tobacco, or drugs, and discrimination.

Any student, who willfully performs any act which materially interferes with, or is detrimental to, the orderly operation of a school-sponsored activity, or any other aspect of the educational process within the Issaquah School District, will be subject to discipline, suspension, or expulsion.

The District requires that each student adhere to the rules of conduct and submit to corrective action taken as a result of conduct violations. The rules of conduct are applicable during the school day as well as during any school activity conducted on or off campus. Special rules are also applicable while riding on a school bus.

Students are expected to:

- A. Conform to reasonable standards of acceptable behavior;
- B. Respect the rights, person and property of others;
- C. Preserve the degree of order necessary for a positive climate for learning; and
- D. Submit to the authority of staff and respond accordingly.

Student discipline, suspension, and/or expulsion will be administered in such a manner as to take into consideration the nature, severity, and circumstances of the violation, the individual circumstances of the student, and prior or other forms of corrective action or discipline which may have been imposed. A complete copy of Regulation 3240 and related Regulations are available on the District's website. Any action, which removes a student from school for longer than one day, will comprise a "disciplinary action" and will be documented.

WEAPONS

Possession, transmission or use of any object that is or reasonably appears to be a dangerous weapon or related device is prohibited. Such objects include, but are not limited to: firearms, ammunition, incendiary or explosive devices, clubs, knives with blades of at least three (3) inches in length, or other cutting or stabbing instruments brought or possessed with the intent to cause bodily harm, or to instill fear and/or intimidate by their mere presence on school property or at school sponsored events, chemical inhalants

Pursuant to RCW 9.91.160, persons over eighteen (18) years of age, and persons between fourteen (14) and eighteen (18) years of age who have written parental permission, may possess personal protection spray devices (i.e., mace or pepper spray) on school property.

No one may deliver such a spray device to anyone under fourteen (14), or to anyone between

fourteen (14) and eighteen (18) who does not have written parental permission. Personal protection spray devices may only be used in self-defense as defined by state law. Possession, transmission, or use of a spray device under any other circumstances will be treated as a violation of the District's rule prohibiting weapons.

Pursuant to RCW 9.41.280, students who possess a dangerous weapon on school premises, school-provided transportation, or areas of facilities while being used exclusively by public schools may be immediately expelled. Law enforcement and parents will be notified. Pursuant to RCW 28A.600.420, students who possess a firearm must be expelled without an opportunity for readmission for at least one (1) year. This minimum one-year expulsion will also apply to students who act with malice and display an instrument that appears to be a firearm on public school property, transportation, or other facilities being used exclusively by public schools. The superintendent of the School District or educational service District may modify the expulsion of a student on a case-by-case basis.
