

Issaquah High School Student Handbook

700 2nd Avenue SE

Issaquah, WA 98027

Welcome

On behalf of the Issaquah High School staff, we would like to welcome you to the 2017-18 school year! Our goal is to provide a safe and caring environment, where ALL students experience a positive learning environment. We strongly encourage you to pursue excellence in your academic studies, become actively engaged in the co-curricular programs that our school has to offer, and treat everyone at Issaquah High School with respect and kindness. This handbook includes our policies, procedures, and important information. Please refer to them when questions arise. You may also refer to the [school website](#) for updated contact information for staff, teacher websites, event dates, and more.

IHS Student Co-Curricular Activities

Issaquah High School provides many opportunities for student involvement in the co-curricular program, including activities, athletics and fine arts. As representatives of our school, students who participate in these programs are held to high expectations and standards. We expect ALL students to demonstrate excellent sportsmanship and be positive role models at ALL times. To be eligible for co-curricular programs, students must maintain passing grades, earn credit in all classes, and maintain a 2.0 in athletics and a 2.5 in Dance/ASB/Cheer.

ASB and Class Council

The ASB is responsible for planning school-wide activities and supervising ASB funds. It meets daily during the Leadership for Officers class and is composed of elected ASB officers, appointed ASB officers, and elected class presidents. Elections and appointments are held in the spring. In order to hold an ASB leadership position, students must purchase an ASB card, have a cumulative 2.5 GPA and agree to the oath of office governed by the constitution.

Class Councils, one for each grade level, are established each year for planning class activities and fundraising. They are comprised of four elected officers and six appointed representatives and meet at least twice per month. Elections for 10th, 11th, and 12th grades are held each spring. Students may not hold more than one major office in student government and/or related activities. Requirements for office follow those for ASB leaders.

I H S Fight Song

Fight, fight, fight for Issaquah High, win this victory
We're gonna win this game for purple and gold
Best in the West, you know we'll all do our best
So on, on, on, on fight 'til the end, honor and glory we shall see
So fight, fight, fight, for Issaquah High and victory
I-S-S-A-Q-U-A-H

On, on, on, on, fight 'til the end, honor and glory we shall see
So fight, fight, fight, for Issaquah High and victory...victory

Identification Cards

All IHS students are provided with an IHS student identification card, featuring their name, grade and a photo. Students are expected to carry their card at all times during the school day.

ASB Cards: ALL STUDENTS PARTICIPATING IN ANY ACTIVITY SANCTIONED BY THE ASSOCIATED STUDENT BODY MUST PURCHASE AN ASB CARD TO BE ELIGIBLE TO PARTICIPATE IN THOSE ACTIVITIES. Most student activities such as newspaper, athletics, dances, assemblies, homecoming, etc., are financed by the Associated Student Body fund. The greatest single source of revenue for this fund is the sale of Associated Student Body Activity cards. Students can save in many ways with an ASB card. It provides free admittance to all home football, basketball, and wrestling events. The students also can participate in countless other events at a discount, such as away football, basketball, and wrestling events, plays, dances, choir and band performances, etc. The card may be purchased from the Bookkeeper's Office at any time during the year, but get your card soon to get the most savings possible! The price of the ASB card is \$55.00.

Check Acceptance Policy

The district has established the following protocol for accepting checks and collecting bad checks: For a check to be an acceptable form of payment, it must include the current, full, accurate name, address and telephone number. If your check is returned for non-payment, the face value may be recovered electronically along with a state allowed recovery fee. In the event your check is returned for non-payment, checks will not be an acceptable form of payment for the rest of the school year.

Athletics

Issaquah High School is a member of the KingCo Conference, the SeaKing District, and the Washington Interscholastic Activities Association. Attendance Required for Both Athletics and Activities

A student is expected to be in attendance all class periods of the day of a practice or event in order to participate in activities that afternoon or evening. If an athlete is not in attendance in all of his/her classes, s/he cannot participate in practice or an event that afternoon or evening. This expectation applies to all activities, athletics and fine arts events. Participation may be denied for failure to comply with this policy. The only exceptions to this rule are: school related and approved absences (field trips), medical, dental, family emergencies, or legal appointments when appropriate written verification of the appointment from the provider has been submitted to the attendance office upon their return.

Student Parking

Parking on campus is reserved for carpoolers, seniors, and juniors. For increased security and protection, ALL students who drive to school must register their vehicles. Parking rules and regulations are available on the school website. Parking and driving are considered privileges. All parking and driving regulations are strictly enforced. Violations may lead to suspension of privileges, fine/ticket, towing of vehicle, school discipline, and/or police notification. Vehicles are not to be used for storage during the school day. Students who are found in the parking lot, loitering in their vehicles during the school day, or littering are subject to discipline. Security cameras are in use. Speed limit of 10 mph is strictly enforced.

If students desire parking privileges, they agree not to allow contraband in their automobiles. They agree that their vehicles are subject to search by school officials if the officials develop individualized suspicion that student(s) are or have been violating a law or student conduct rule. Students and their families understand the parking lots will be subject to periodic patrols by drug-sniffing dogs at times when the students are not in the vicinity of the dogs. Students agree that if a drug-sniffing dog “hits” on their vehicle while it is parked on school premises, school officials will have the authority to search the vehicle. If students refuse to allow searches of vehicles by school officials in such circumstances, students will lose their parking privileges and must understand that the Issaquah School District will presume that the dogs have accurately discovered contra-band in determining whether student disciplinary action is warranted. See Board Regulation #3230 – *Student Privacy and Searches*.

Attendance

As provided in District Regulation 3122, regular school attendance is necessary for mastery of the educational program provided students. Daily attendance and active participation in each class are critical parts of the learning process. Students, at times, may appropriately be absent from class. A computerized message will contact households in the evening informing parents that their student(s) missed one or more periods that day. The message will also notify parents of the potential consequences of additional unexcused absences. The following principles shall govern the development and administration of attendance procedures within the District:

Excused (School Day and Individual Class) absences are absences due to:

1. Participation in a District or school approved activity or instructional program;
2. Illness, health condition or medical appointment (including, but not limited to, medical, counseling, dental or optometry);
3. Family emergency, including, but not limited to, a death or illness in the family;
4. Religious or cultural purpose including observance of a religious or cultural holiday or participation in religious or cultural instruction;
5. Court, judicial proceeding or serving on a jury;

6. Post-secondary, technical school or apprenticeship program visitation, or scholarship interview;
7. State-recognized search and rescue activities consistent with RCW 28A.225.055;
8. Absence directly related to the student's homeless status;
9. Absence resulting from a disciplinary/corrective action. (e.g., short-term or long-term suspension, emergency expulsion); and
10. Principal (or designee) and parent, guardian, or emancipated youth mutually agreed upon approved activity.

The principal or designee may only grant permission for a student's absence providing such absence does not adversely affect the student's educational process.

A conference with the parent or guardian will be scheduled after two unexcused absences within any month during the current school year. Prior to suspension or expulsion, the parent will be notified in writing in his/her primary language that the student has unexcused absences. A conference will be scheduled to determine what corrective measures should be taken to ameliorate the cause for the student's absences from school. If the parent does not attend the conference, the parent will be notified of the steps the district has decided to take to reduce the student's absences. A student may be suspended or expelled for habitual truancy.

Not later than the student's fifth unexcused absence in a month the district will enter into an agreement with the student and parents that establishes school attendance requirements, refer the student to a community truancy board or file a petition and affidavit with the juvenile court alleging a violation of RCW 28A.225.010

Excused and Unexcused Absences:

Students are expected to attend all classes each day. Teachers shall keep an accurate record of absences and tardiness. **Students are considered absent if they enter class after 15 minutes have elapsed.** Students entering after the final bell of the passing period are considered tardy. Any student who leaves a class without permission prior to it ending is considered truant. A computerized message will contact households in the evening informing parents that their student(s) missed one or more periods that day. Remember, students participating in a co-curricular activity must be in attendance in all periods, as assigned, to be eligible for participation in the activity or event.

Excused Absences: The following are valid excuses for absences and tardiness:

- Participation in a school-approved activity with appropriate documentation and notification to teachers.
- Absence due to requests made by the parent/guardian such as illness, health conditions, family reason, religious purposes, or educational opportunities.
- Absence resulting from sessions with counselors or disciplinary actions or short-term suspension.

Unexcused Absences (truancies): All absences that are not authorized by the principal, not excused from among the above reasons, or results with leaving school without checking out are unexcused absences. Failing to provide a note/phone call from parent/guardian to verify an absence on the day of the student's return to school is also truancy. Students may not receive credit for a graded activity or assignment assigned or due during the time of truancy nor will they be allowed to make up missed work.

Tardiness: Students arriving late for school or class for any reason not described as an excused absence will be counted as an unexcused tardy and subject to disciplinary action. Students arriving **later than 15 minutes** shall be counted as absent for the class and not tardy.

Verification: Excused absences must be verified by a telephone call of explanation by a parent, guardian,

emancipated student or adult student **the day following the absence** or by a signed note of explanation upon the student's arrival on campus. If the student does not clear an absence in that time frame, it becomes an unexcused absence. Further, a detention notice for failing to clear an absence will be sent. If the student has an 18-year-old agreement, verification must be made by the student prior to 9 a.m. on the day of the absence. Otherwise, a parent will need to verify the absence.

Make Up Work:

A student is allowed one make up day for each day of absence. This doesn't apply to due dates that are previously set (examples: projects or essays) unless the absence falls on the due date itself. Failure to complete missed assignments within that timeline may result in the loss of credit for those assignments. Students should note that not all types of work can be made up (guest speakers, graded class discussions, etc.). Should this type of work occur on a date when a student has an excused absence, the assignment may be excused and not counted in the student's grade OR an alternative assignment may be provided per the teacher's decision. If a student is confined to home or hospital for an extended period, the family and school counselor should work together to arrange for the accomplishment of assignments. If the student is unable to do his/her schoolwork due to an extenuating circumstance, the student may be required to make up the course at another time (summer school, another term, 7th period, etc.). These plans should be arranged with the family, school counselor and administrator.

Family Access:

Family Access provides parents and students on-line access to student information including attendance. Parents and students are encouraged to monitor attendance records regularly using Family Access and contact the attendance office for discrepancies. Family Access Logon and Passwords may be obtained in person from the school registrar.

Attendance Procedures:

- Upon returning to school from an absence, students must obtain an admit slip at the main office and present it to each teacher that day.
- Prearranged absences may be secured through a form from the main office signed by the parent/guardian. The form must be returned to the attendance office **one week prior** to the absence. If the absence causes a serious adverse effect on the student's educational progress, the absence will be reviewed by an administrator.
- Students requesting a partial day absence must check out through the attendance office before departure. Contact with the parent/guardian will be necessary if a note from the parent/ guardian is not available. Leaving school without signing out will result in disciplinary action for truancy even if the parent/guardian calls the school or provides a note to excuse the absence at a later time.
- Students who become ill at school must check out with the attendance office even if the health attendant speaks with a parent/guardian. Failure to do so could result in an unexcused absence and disciplinary action.
- Procedures outlined in the BECCA Bill will be followed as unexcused absences occur (RCW28A.225).
- Disciplinary action will be assessed for all truanies.
- Students are encouraged to contact their teachers via email and class websites to get make up work. Arrangements can be made with teachers to pick up work through the attendance office. Homework/make up work will not be gathered for students missing school because of personal choice or truancy.
- Students are expected to take care of attendance business during their own time such as before school, during break, at lunch or after school.

Class Absences Limit/Loss of Credit:

Regular school attendance is necessary for mastery of the educational program provided to students. Daily attendance and active participation in each class are critical parts of the learning process. At times, students may appropriately be absent from class. However, in any semester when a student has accumulated a total of

eleven (11) absences in any one class, excused or unexcused, the student may not be awarded credit for that class consistent with Regulation #3122. School approved activities and discipline suspensions do not count towards the total absences. Pre-arranged and other absences, excused or unexcused are included in the total absences. The school based Attendance Intervention Team will work with students and families on strategies to improve attendance and will ultimately determine if credit will be awarded, when a student reaches 11 absences. The circumstances pertaining to the student's inability to attend school will be taken into consideration, whether the tardiness or absences are directly related to the student's disability under Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act, or the Individuals with Disabilities Education Act. Additionally, if any of the 11 absences have been caused by long-term or extended chronic health conditions, the parent should contact the appropriate administrator.

Drug Free Zones

Schools in the Issaquah School District are protected as drug free zones, as established by the City of Issaquah and King County. Drug free zones provide for possible double penalties for anyone caught trafficking controlled substances within 1,000 feet of a designated school, school bus stop or public park.

Distribution of Printed Materials on School Grounds

In respect for the rights and beliefs of all of our students, you must obtain prior approval from the office of the Operations Coordinator before you or your student attempt to hand out any printed information, including invitations, to students or staff on school grounds. If you wish to post information on the school's community bulletin board or other area set aside for this purpose, please contact your principal for approval. Guidelines for distribution of material on school grounds are included in Regulation #2340 and #4320. A complete copy of these policies may be obtained at any school or on the district website at www.issaquah.wednet.edu.

Family Educational Rights and Privacy Act (FERPA).

The Family Educational Rights and Privacy Act affords parents and students over 18 years of age certain rights with respect to the student's education records, which are:

1. The right to inspect and review the student's educational records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the principal or appropriate school official a written request, identifying the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request an amendment of the student's education record that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may submit a written request to the principal, identifying the part of the record they wish to have amended, and the reasons why they believe the record is inaccurate or misleading. If the district decides not to amend the record, the parent or eligible student will be notified of the decision, of their right to a hearing, and of the hearing procedures to be followed.
3. The right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent the FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is the disclosure to school officials with legitimate educational interests, such as: an administrator, supervisor, teacher, or support staff member, a school board member, law enforcement personnel; a person/company with whom the district has contracted to perform a service, such as: an attorney, auditor, medical consultant or therapist; or a parent/student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his/her professional

responsibility. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. Parents or eligible students have the right to file a complaint about an alleged failure by the district to comply with the requirements of FERPA by contacting the U.S. Department of Education at the following address: **Family Regulation Compliance Office, U.S. Dept. of Education, 400 Maryland Ave. S.W., Washington, D.C., 20202-4605.**

Prohibition of Harassment, Intimidation, and Bullying

If a student feels that he or she is being harassed, intimidated, or bullied because of race, creed, color, national origin, ancestry, gender, sexual orientation, or disability, the student should immediately report such incidents to a teacher, counselor, or building administrator. A complete copy of Regulation #3207 may be obtained at any school or on the district website at www.issaquah.wednet.edu.

“Harassment, intimidation or bullying” is defined for purposes of this Regulation as any intentional written message or image including those that are electronically transmitted, verbal or physical act, including but not limited to one shown to be motivated by race, color, religion, ancestry, national origin, gender, sexual orientation or mental or physical disability, or other distinguishing characteristics, when the act:

- (a) Physically harms a student or damages the student’s property; or
- (b) Has the effect of substantially interfering with a student’s education (for example, substantially interfering with classroom performance, attendance, or pattern of tardiness) or
- (c) Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
- (d) Has the effect of substantially disrupting the orderly operation of the school.

Conduct that may rise to the level of harassment, intimidation and bullying may take many forms, including, but not limited to: urging others to a malicious action “ganging up on someone”; spreading knowingly hurtful rumors, lies, pictures, drawings, or cartoons; slurs; jokes; innuendoes; repeated/ongoing demeaning comments; pranks; ostracism; gestures; verbal or physical aggression directed at a specific student; physical attacks or threats; or purposeful destructive acts relating to an individual or group whether electronic, written, oral, or physically transmitted messages or images.

Non-discrimination

The District will provide equal educational opportunity and treatment for all students in all aspects of the academic and activities program without discrimination based on race, religion, creed, color, national origin, age, honorably-discharged veteran or military status, sex, sexual orientation, gender expression or identity, marital status, the presence of any sensory, mental or physical disability, or the use of a trained dog guide or service animal by a person with a disability. The District will provide equal access to school facilities to the Boy Scouts of America and all other designated youth groups listed in Title 36 of the United States Code as a patriotic society.

Release of Student Information

The Issaquah School District cannot release student information to persons or organizations outside the district without the written consent of a parent, with the following exceptions:

1. The school district will forward education records upon request to a school in which a student seeks enrollment.
2. The school district will release directory information which includes the student's name, address, telephone number, date and place of birth, participation in officially recognized activities, sports, weight and height of members of athletic teams, attendance dates, diplomas, awards received, yearbook and other photos, and most recent school attended.
3. The school district may also release photographs or videotapes of students taken in circumstances not generally considered harmful or an invasion of the privacy of the involved students. Information may be used for purposes such as school related fund-raising, publication of a student directory, parent organization mailing lists, school yearbooks and newspapers, commencement programs and publication of honor rolls, and other school information about students in the district publications or public media. Information will not be released for commercial purposes.

The Family Educational Rights and Privacy Act grants to parents the right to restrict the release of some of this information. If a written request is placed in a student's record, directory information, photographs and videotapes will not be released except in an extreme emergency to protect the student's health and safety. The student's name will not appear in the directory, school programs, yearbook, newspaper, or other public news media. Those families who have unlisted telephone numbers may request that only that part of the directory information not be released without prior consent.

Parents who do not want directory information, photographs or video tapes, or their telephone number released must submit a written request to their student's school by **September 15**. If the school does not receive a request by that date, school staff will assume that there is no objection to the release of such information. A complete copy of Regulation #3231 may be obtained at any school or on the district website at www.issaquah.wednet.edu.

Respect for the Law and the Rights of Others, and Discipline and Corrective Action

Students, parents, and school personnel are jointly responsible for expecting and demonstrating behavior that ensures a safe, orderly and healthy environment for all persons at all times. Students may not behave in a manner that is disruptive to the educational process or that is unsafe for other students, staff, and/or self.

The student is responsible as a citizen to observe the laws of the United States, the state of Washington, and local ordinances and laws.-The student will respect the rights of others while in school, on school property, at all school activities, on district provided transportation or otherwise under school authority.-

All students will obey the written rules and regulations established for the orderly operations of the district and the

reasonable requests, instructions, and directives of district personnel. For purposes of Regulation 3240 and this procedure, the term "district personnel" includes all adults, including contractors and volunteers, authorized to supervise student activities. Failure to do so will be cause for disciplinary action. All students will submit to reasonable discipline by the school district and its representatives for violations of policies, regulations and rules.

Unless specified differently in a particular rule, the rules of conduct contained herein shall be in effect under the following circumstances: on the school grounds immediately before, during, and immediately after school hours; near the school grounds immediately before, during, and immediately after school hours; at any time when a school is being used by any school group; off the school grounds at a school activity, function or event; or anywhere and anytime a student's conduct has a real and substantial relationship to the lawful maintenance and operation of the district. Students engaging in such conduct, or attempting to engage in such conduct, are subject to corrective action or discipline. Accordingly, students may lose the privilege of participating in school-sponsored activities, including graduation ceremonies, for disciplinary reasons.

Law enforcement agencies shall be contacted in violations of assault; possession, use, or transmitting alcohol or other drugs not prescribed for the individual; arson; possession of a dangerous weapon or weapon facsimile; reporting false alarms; trespassing; abuse and theft as appropriate; and of other criminal activities.

Department of Social and Health Services, Children's Protective Services, may be contacted in cases of abuse or assault. If the victim is 18 or older and developmentally disabled, Adult Protective Services may be called.

In cases of destruction or theft of school district property grades, transcripts, and diplomas will be withheld until restitution is made through student labor and/or payment.

A progressive discipline approach attempts to relate the imposed disciplinary action or intervention to the severity of the offense and the number of times that offense or accumulated offenses have occurred. Students who violate a rule the first time face disciplinary action commensurate to the violation and a first occurrence. Additional violations, similar in nature or not, may result in increased disciplinary action. At each intervention step the intent is to assist the student in identifying the problem, understanding what new behavior is necessary, and encouraging the student to accept accountability for his/her actions. Every case is considered on its individual merit. The goal of the progressive discipline approach at school is to encourage students to:

- Correct inappropriate or unacceptable behavior
- Develop a better understanding of the problem and the need for behavior change
- Accept responsibility for their action
- Provide an opportunity to demonstrate improvement and personal growth

Student discipline, suspension, and/or expulsion will be administered in such a manner as to take into consideration the nature, severity, and circumstances of the violation, the individual circumstances of the student, and prior or other forms of corrective action or discipline which may have been imposed. A complete copy of Regulation 3240 and related Regulations are available on the District's website.

The transportation department imposes discipline which may result in loss of riding privilege. Disciplinary actions listed below will be applied with the discretion and professional judgment of an administrator.

A complete copy of Regulation #3241/3241P – *Classroom Management, Discipline and Corrective Action* and other related Regulations may be obtained at any school or on the district website.

Suspension may also include denial of admission to, or entry upon, real and personal property that is owned, leased, rented or controlled by the District. During suspension, students **cannot be on any school district property or attend any school events**. Depending on the circumstances of the infraction and the discipline imposed, a suspension may begin immediately during the school day, after school, or the following morning. In order to minimize absence from school, in-house suspension may be used as an alternative to short-term suspension. Parents will be notified by letter.
 - **Short-Term Suspension:** (STS) means suspension for any portion of a calendar day up to and not exceeding ten (10) consecutive school days. Missed schoolwork is available upon request.
 - **Long-Term Suspension:** (LTS) means a suspension that exceeds ten (10) consecutive school days and ends no later than the last day of the school year during which the student's misconduct occurred. A long-term suspension cannot cause the student to lose academic grades or credit in excess of one semester or trimester during the same school year. Missing schoolwork is NOT available for long-term suspension.
 - **Emergency Expulsion** means an emergency removal from school for up to, but not exceeding, ten (10) consecutive school days from the student's current school placement by the Superintendent or designee. An emergency expulsion requires the Superintendent or designee to have good and sufficient reason to believe that the student's presence poses an immediate and continuing danger to other students or school staff or an immediate and continuing threat of substantial disruption of the educational process. An emergency expulsion must end or be converted to another form of corrective action within ten (10) school days from the date of the emergency removal from school. If the District converts the emergency expulsion to another form of corrective action, it must provide notice and an explanation of due process rights to the student and parent/guardian.

Student Rights and Responsibilities

Students are entitled to the rights of all people as set forth in the Constitution and laws of the United States; the Constitution and laws of the State of Washington; the law regarding equal education opportunity; First Amendment rights to freedom of press, speech, peaceable assembly and petition; and the right to be secure in their pursuit of an education while in the custody of the school district. These rights are subject to the school district's authority to make

reasonable rules and regulations to maintain the educational process. A complete copy of the Regulation may be obtained at any school. Procedures are designed to ensure that corrective action, if any, is taken only after a thorough examination of the facts.

Search and Seizure

Students are entitled to the guarantees of the Fourth Amendment and shall be secure in their persons, papers, and effects against unreasonable searches and seizures. However, school officials have the responsibility of maintaining a safe environment and are empowered to conduct a reasonable search of a student and school property when there is reasonable cause or grounds for suspecting or believing that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. Any search conducted must comply with applicable laws. School property will remain under the control of school officials, and will be subject to search. A complete copy of Regulation #3230 may be obtained at any school or on the district website at www.issaquah.wednet.edu. School authorities may seize any contraband substance or object the possession of which is illegal, or any material or object which violates a school rule or poses a hazard to the safety and good order of the school. Students are not allowed to bring these items to school or any school-sponsored function.

Authority to Conduct a Search – The law allows school authorities to search students, their lockers, their motor vehicles and personal property when they have a reasonable suspicion that a particular student is in possession of something prohibited by the law or school rules.

General Inspection -- School authorities may make general inspections of lockers or desks for purposes including, but not limited to, safety, cleanliness, retrieval of school material, and maintenance. Such general inspections shall not include searching personal items stored in lockers or desks, such as clothing, bags, or purses unless reasonable particularized suspicion exists.

Locker/Desk/Storage Area Inspections – All lockers and storage areas provided for student use on school premises remain the property of the District and are subject to inspection/access for maintenance and search. If, as a result of such a general search, a building administrator or designee develops reasonable suspicion that a container in a student locker or desk may contain evidence of student misconduct, the administrator may search the container. In case of suspensions, parents will be notified by telephone and/or by letter.

Student Conduct Expectations

As authorized by chapter 28A.600 RCW, the following procedure sets forth rights and conduct expectations for students, along with the sanctions that may be imposed for violations of such expectations. At all times, this procedure will be read consistent with federal statutes and regulations, state statutes, common law, and rules promulgated by the Washington Office of the Superintendent of Public Instruction.

The following list of offenses generally describes such conduct, but is not intended to be exclusive. Each is specifically prohibited on school grounds, on school sponsored transportation, at school events off school grounds, and off school grounds if the conduct materially and substantially affects the educational process or District operations.

Such misconduct may also result in an expulsion or emergency expulsion under the circumstances described in Regulation #3241 and Procedure #3241P.

In case of short-term or long-term suspensions or expulsions, parents will be notified. During suspension, students cannot be on any school district property or attend any school events. Depending on the circumstances of the infraction and the discipline imposed, a suspension/expulsion may begin immediately during the school day, after school, or the following morning. In order to minimize absences from school and depending upon the infraction, in-house suspension/Saturday School may be used as an alternative to out of school suspension. In addition, any student who is participating in or will be participating in school athletics, ASB, cheer, dance, and/or drill is subject to sanctions for violation of the drug and alcohol Regulation as outlined in the *Student Athletic Handbook* available online at www.issaquah.wednet.edu.

The Student Conduct Expectations also pertains to students involved in Running Start and WaNIC during lunch and traveling between schools. Any action which removes a student from school for more than one day will comprise a “disciplinary action” and will be documented in the student’s cumulative file.

An Ad Hoc Committee of citizens, convened in accordance with WAC 392-400-245(2);and 260(2) has determined that infractions indicated below by an asterisk are misconduct deemed exceptional and may result in immediate suspension or expulsion for a first-time offense.

The disciplinary actions listed below will be applied with the discretion and professional judgment of an administrator.

COMPLAINT OPTIONS: DISCRIMINATION AND SEXUAL HARASSMENT

If you believe that you or your child has experienced unlawful discrimination, discriminatory harassment, or sexual harassment at school, you have the right to file a complaint.

Before filing a complaint, you can discuss your concerns with your child's principal or with the school District's Section 504 Coordinator, Title IX Officer, or Civil Rights Coordinator, who are listed above. This is often the fastest way to resolve your concerns.

Complaint to the School District

Step 1. Write Our Your Complaint

In most cases, complaints must be filed within one year from the date of the incident or conduct that is the subject of the complaint. A complaint must be in writing. Be sure to describe the conduct or incident, explain why you believe discrimination, discriminatory harassment, or sexual harassment has taken place, and describe what actions you believe the District should take to resolve the problem. Send your written complaint—by mail, fax, email, or hand delivery—to the Superintendent or civil rights compliance coordinator.

Step 2: School District Investigates Your Complaint

Once the District receives your written complaint, the coordinator will give you a copy of the complaint procedure and make sure a prompt and thorough investigation takes place. The superintendent or designee will respond to you in writing within 30 calendar days—unless you agree on a different time period. If your complaint involves exceptional circumstances that demand a lengthier investigation, the District will notify you in writing to explain why staff need a time extension and the new date for their written response.

Step 3: School District Responds to Your Complaint

In its written response, the District will include a summary of the results of the investigation, a determination of whether or not the District failed to comply with civil rights laws, notification that you can appeal this determination, and any measures necessary to bring the District into compliance with civil rights laws. Corrective measures will be put into effect within 30 calendar days after this written response—unless you agree to a different time period.

Appeal to the School District

If you disagree with the District's decision, you may appeal to the District's Board of Directors. You must file a notice of appeal in writing to the secretary of the Board within 10 calendar days after you received the District's response to your complaint. The Board will schedule a hearing within 20 calendar days after they received your appeal, unless you agree on a different timeline. The Board will send you a written decision within 30 calendar days after the District received your notice of appeal. The Board's decision will include information about how to file a complaint with the Office of Superintendent of Public Instruction (OSPI).

Complaint to OSPI

If you do not agree with the District's appeal decision, state law provides the option to file a formal complaint with the Office of Superintendent of Public Instruction (OSPI). This is a separate complaint process that can take place if one of these two conditions has occurred: (1) you have completed the District's complaint and appeal process, or (2) the District has not followed the complaint and appeal process correctly.

You have 20 calendar days to file a complaint to OSPI from the day you received the decision on your appeal. You can send your written complaint to the Equity and Civil Rights Office at OSPI:

Safe and Positive Environment

The Issaquah School District believes that a safe, civil environment is essential to high student and staff achievement, to the free exchange of ideas central to a quality educational process, and to the development of youth as thoughtful participants in our democracy. Conversely, uncivil conduct, like other forms of disruptive behavior, interferes with a student's ability to learn and a school's ability to educate its students.

The district's Regulations on harassment--sexual and otherwise--support our high expectations for proper behavior. Please

take a moment to review the summary of these policies. If you would like the complete text, you may contact the district personnel office at (425) 837-7056. The district's harassment Regulations cover students. They include definitions and procedures to deal with complaints, and are shared with students, staff, and parents annually. See Regulations #3205, #3207, #3210, 3213.

Examples of harassing behaviors include, without limitation: invitations for dates which do not stop when the response is negative; uninvited and deliberate touching or feigned accidental brushing against a person's body; feigned friendly pats, squeezes, pinches, or other forms of physical contact; standing too close, cornering or stalking a person; using derogatory sexual terms for a person; uninvited letters, phone calls, or gifts; teasing with sexually explicit or suggestive materials in the work place, including "pin-ups" or sexually degrading cartoons posted in the school site; uninvited sexually suggestive looks, constant leering or ogling, or gestures; uninvited sexual teasing, remarks, or questions regarding an individual's personal life, which have no relationship to the school environment; and demands for sexual favors in return for grades or other employment or education achievement; disparaging remarks, hazing, pranks, or other intimidating behavior directed toward an individual because of the individual's race, color, sex, creed, religion, sexual orientation, ancestry, national origin, physical/personality traits or style, physical, sensory, or mental disabilities, or any other category protected by law.

If an individual experiences harassment, an informal or a formal complaint process is available. If the complaint is not resolved satisfactorily, there is an appeal procedure.

Transportation

The mission of the district and bus drivers is to safely transport students to and from school. A complete copy of Regulation #6606, setting forth the specific rules of conduct on buses, may be obtained at any school or from the Transportation Department.

The district uses random placement of video cameras on school buses to maintain good order and increase safety. The video tapes may be used to identify students who violate the rules of conduct for buses and for decisions based on those violations. A complete copy of Regulation #6608 may be obtained at any school or the Transportation Department.
