Sept 17 Curriculum Night, Grades 3-5. Classroom 5:30-6:15, Parent Presentation 6:15-7:00, 5th Grade Camp Meeting, 7:00

Thank you for your support!
Portable construction and water leaks aside, this week has been going so very well. That is because of the support of volunteers, great preparations by our teachers and your help as parents. Thank you for your support.

IMPORTANT Drop off reminders
As we start settling into our routines please remember these important drop-off guidelines and procedures.

1. Drop-off starts at 9:00. Please don’t leave your child prior to that time as there is no supervision.
2. 9:00-9:05 Any student arriving in this window should go to the playground covered basketball court. (A dry place to wait.)
3. 9:05 Bell. When this bell rings students follow their teacher’s instructions to go around the outside to their line or class.
4. After 9:05. If the teacher has already brought the line in then student go straight to class following the normal morning entry route.
5. After the 9:15 tardy bell. BOTH student and parent check in with the office before going to class.

Spirit Day
In honor of the first week of school and to go with our spirit assembly on Friday, we will be having our first spirit day this Friday the 4th. It will school colors day so wear green, gold and or white.

Bus Passes
The first day for bus passes is Wednesday, September 16. District needs the first two weeks of school to get final counts on the number of riders each day. Thank you for your patience.

Water damage good news
The water damage and mold in room 241 was contained and not extensive. Multiple precautions and
preventative measures have been taken but repairs should be complete this weekend and the class back to normal on Tuesday.

Then we will hopefully be just a couple weeks away from the new portable’s completion and we can get to our new normal building configuration!

HAVE A GREAT LABOR DAY WEEKEND!
