Good morning my friends,

The junior class is selling IB Testing Care Packages for the students taking IB Tests. The kits include #2 sharpened pencils, blue or black ink pens, erasers, water, snacks, and other items to make their tests go as smoothly as possible. The Care Packages cost $15.00 and will be waiting for the testers on the day(s) they need them.

These can be ordered online under the IB Link. This is the 1st time we have tried something like this and I hope it is successful so we can make it a tradition. I would really appreciate you passing along this info😊
