Washington State Road Trip planning research

– Due at the end of class Tuesday 4/16/2019. I want your comments about 7 (or more) different sites

YOU WILL NEED TO USE YOUR OWN NOTEBOOK PAPER TO DO THIS.

1) Go to www.nps.gov
   In the middle of the page “FIND A PARK” by State. Select “WASHINGTON”
   How many National Parks are in Washington State?
   ________________________________
   Click on several of them, and tell me:
   • In what region it is located
   • One thing you personally find interesting about the park

2) Go to www.planetware.com
   a. Scroll down to “North America” and click on it
   b. Scroll down to “Washington Travel Guide” and click on it
      It will give you a LOT of choices –
      -things to do in Seattle
      -Best places in Washington State to go white water river rafting
      -Top rated tourist attractions in Spokane
      -Etc.
   c. Investigate one of these, and summarize it on your piece of notebook paper

3) Go to www.tripadvisor.com
   a. Click on “Where to?” and type in Washington
   b. Click on “Things to do”
      It will give you a LOT of choices –
      Pay attention to the left-hand menu. This will break “things to do” into categories AND locations.
   c. Investigate several of these, and summarize it on your piece of notebook paper
